Helping you take the “IF” out of life

What “IF” I...

A Team of Independent Advisors

Gateway Financial Advisors, Inc. was founded in 1988. We have since expanded to become a nation-wide network of independent financial professionals who desire to best serve our clients using a team approach. We are a comprehensive financial services firm that specializes in creating plans that enable individuals and their families to maintain choice, preserve independence, enjoy life, and create a lasting legacy. Our trusted advisors serve a broad spectrum of needs above and beyond financial planning and asset management to include insurance, legal assistance, taxes, and employee benefits among others.

For many, financial decisions cause more stress and worry than any other life decision. Financial decisions impact many aspects of a person's life – mentally, physically, and emotionally. These decisions can either result in stress and worry or confidence and comfort. At Gateway Financial Advisors, Inc., our financial planning process is about more than money, it is about quality of life.

Take the “IF” Out of Life

We have a variety of Life Course Plans™ to meet a broad range of planning needs and help you prepare for the important things in life. Whether it be getting out of debt, buying a home, college funding, vacations, or retirement concerns, allow our experts to help you take the “if” out of life through planning and addressing specific areas.

LIFE COURSE PLANS™

QUALITY LIFE PLAN™

We work with you to design the life you want with comfort and ease of mind now and through retirement. Planning *now* provides time for what is most important to you, be it faith, family, fitness, finance, fun, or the future.

LONGEVITY LIFE PLAN™

We offer solution-based answers to ensure your risks are adequately covered, investments are properly balanced according to your risk tolerance, and your legacy is protected against the tax consequences from improper planning.

CRISIS LIFE PLAN™

Too often, when a health crisis occurs, there is no plan in place. We help you prepare for the unexpected need for disability, home health care, long-term care, or rehabilitation to protect you and your family from potentially devastating expenses in an already trying time.

PHILANTHROPIC LIFE™

We help you strategize to preserve your legacy for your family and the organizations or causes you support, such as your church or a favorite charity.

Helping Design Your Future

Gateway Financial Advisors, Inc. works with you to provide a better solution for your financial planning. We listen to your values, help define your goals, and work together to organize your entire financial portfolio. To find the best investment style to meet your needs, we believe it's necessary to get to know you and your unique life, family, and financial situation. We conduct a risk analysis to find solutions to not only meet your needs but seek the proper balance between wealth accumulation, stability, and preservation. We continually monitor your progress and the market in order to help keep you on track and make portfolio adjustments when necessary.

We help you answer some of the "what if" questions in life. What if I live longer than my assets last? What if I linger and need long-term care? What if I leave, what will happen to my loved ones and my estate? What is my legacy? Regardless of the goals you are trying to achieve, you can be confident you will receive the service and attention you desire by fully licensed, trained, knowledgeable, and independent financial advisors who have the benefit of being a part of the Gateway Financial Advisors, Inc. network.
